ABOUT US

Who We Are

Rain Energy Ltd is a fully indigenous Nigerian oil and gas servicing company . It is 100% Nigerian-owned and it is powered by skilled indigenous professionals.

A newly established company built on 20+ years of founding-team experience, delivering proven success and operational excellence across the entire energy value chain.

End-to-end solutions from EPIC&C to pipeline maintenance and LPG / CNG distribution.

NEW COMPANY + 20 YEARS FOUNDER EXP.

UNMATCHED RELIABILITY

OUR DIRECTION

Vision & Mission

OUR VISION

To become and remain a top-tier energy service delivery company that maximizes the much-needed value for local and international industry stakeholders, utilizing cost-effective and quality execution processes.

OUR MISSION

To achieve our vision by identifying solutions to existing problems in the oil, gas, and energy value chain. We deploy an experienced technical workforce and promptly take the right steps to realize client objectives in a timely manner. This is achieved with an unwavering attention to safety and quality.

WHAT WE DO

Our Core Services

Comprehensive solutions for the energy sector.

01

EPIC&C

Engineering, Procurement, Installation, Construction & Commissioning.

02

Pipeline Works

Pipeline construction, maintenance & emergency repairs.

03

Civil & Structural

Equipment foundations, platforms, roads and shelters.

04

Electrical & Instrumentation

MCC, switchboards, DCS upgrades, calibration.

05

Fabrication & Distribution

Precision fabrication and nationwide distribution.

06

Operations & Maintenance

Turnaround, manpower, OEM spares, uptime assurance.

ENGINEERING & EPIC&C

Oil & Gas Production Facilities

A 20-year track record delivering turnkey oil & gas projects ranging from engineered, installed and commissioned with precision.

- Flow station upgrades
- Pressure vessels
- Rotating equipment
- Flare systems
- Gas receiving manifolds & compressors
- Gas dehydration & conditioning
- Metering systems

PIPELINE SERVICES

Protecting Critical Energy Infrastructure

Expert high-risk emergency repairs and specialized pipeline interventions delivered under strict safety protocols.

HOT TAPPING

Live line intervention without shutdown.

STOPPLE

Isolation for scheduled maintenance.

MECHANICAL CLAMPS

Rapid leak containment & repair.

COFFERDAMS

Dry work-zones in flooded terrain.

HDD

Horizontal directional drilling for crossings.

WELDING & NDT

Certified welds, inspected & verified.

CIVIL · STRUCTURAL · E&I

Building a Solid Foundation

CIVIL & STRUCTURAL

- Equipment foundations
- Access & maintenance platforms
- Roads & drainage
- Shelters & enclosures
- Structural steelwork

ELECTRICAL & INSTRUMENTATION

- MCC & switchboard installation
- Generator commissioning
- Delta-V DCS upgrades
- Field instrument calibration
- Long-lead & bulk materials

GAS DISTRIBUTION & PROCESSING

Powering the Energy Transition

Nationwide LPG and CNG distribution through certified tankers and licensed infrastructure.

- **Natural gas & LPG processing**
- **Certified tanker fleet & infrastructure**
- **Manpower supply & OEM spares**
- **Turnaround maintenance**

Contributing to Nigeria's energy transition — cleaner, closer, reliable.
